BENGAL TALES

The Annual Staff
Looks Back At The
1972
School Year

Of
Commerce High School
Commerce, Oklahoma

Dedicated To:

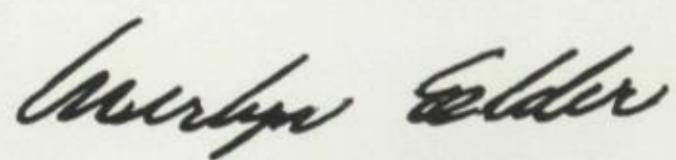

Don Shaw

This year, the Annual Staff would like to recognize a man who has rendered us his services for the past 25 years by owning and operating the school buses for our school system.

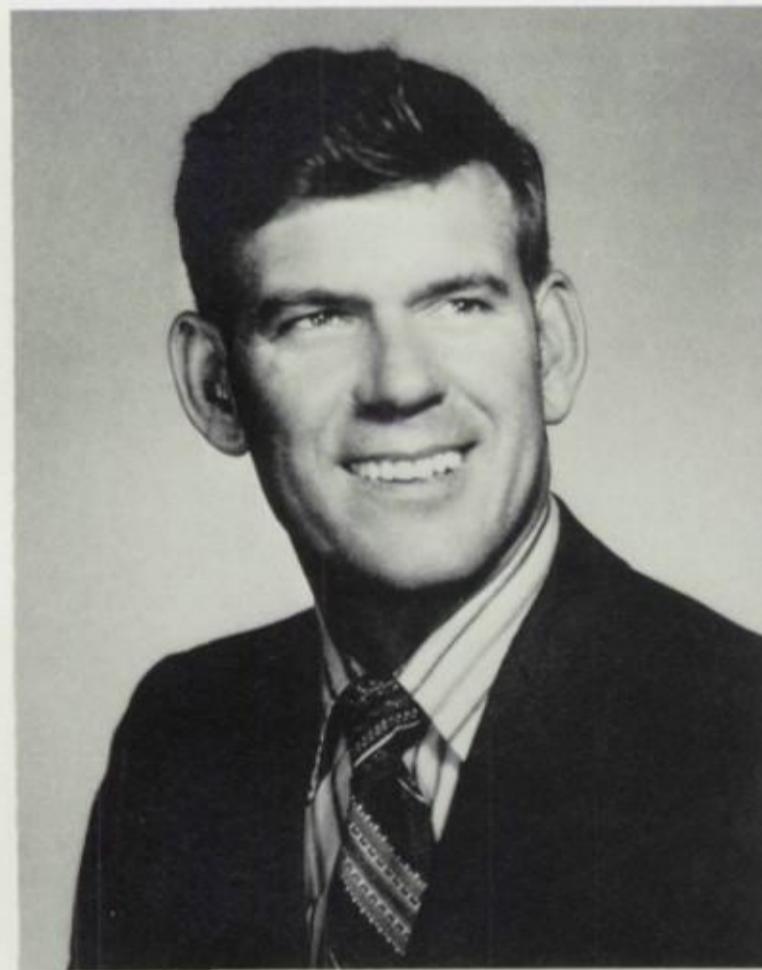

Not only are we honoring him as a bus driver, but as a concerned citizen who takes an active interest in the school and its activities. So, at this time, we are pleased to present the 1972 Bengal Tales to our friend, Don Shaw.

Congratulations to the Seniors of Commerce High School and best wishes to all underclassmen as you record the end of another educational year.

Soon you will assume positions of leadership in our great country. May you be confident of success due to your efforts, your ability, and the training you have received.

TO THE STUDENTS OF CHS:

The Commerce School Community is firmly committed to providing the best possible school facilities and school environment conducive to the forming of good habits, promoting physical, mental and spiritual growth. I urge you to take advantage of the opportunities afforded in developing your abilities to the maximum potential.

You are privileged to live in the most challenging and promising time in all history. If you are to respond in a positive and constructive manner to those opportunities, you must develop your God given talents to be ready to face your tomorrows. The life you are building is your major responsibility. Anything less than your best is not good enough. You have an obligation to your Creator, your country, your parents, your community, and your school to make your life count for good.

It certainly has been an honored privilege to be associated with the fine student bodies in the Commerce Schools for the past few years
